

SCHOOLHOUSE COLORS

INVESTING BACK INTO YOUR SCHOOL

About us

Founded by two friends, who have been coaches and dedicated mentors within their communities sports & youth programs. As they continued to deal with the stress of collecting funds, dealing with uniforms, and the many obstacles coaches and staff are often faced with. That's why Schoolhouse Colors was created.

Our main goal: To empower our community leaders with a simplified way of purchasing gear for your club or team, while also giving back to the program you love. Our company is built on decades of knowledge about school clubs, authentic gear, and giving back to our communities.

Why not simplify the process with our cutting edge platform. We help take the stress off the Coaches, Teachers, and Staff during the ordering process. All while saving your school time and money. We understand that any contribution to help a school is a great contribution, knowing 10% of your purchase will go directly back to your program.

SITE-WESTERN GIRLS BASKETBALL

Our girls' team took on the task of doing our School wide program. The program was a great success. We raised over \$2,000 last season which paid for all of our training programs last year. We were even able to outfit our coaching staff as well. SHC process makes it easy to buy and distribute the items. There postcard program was a great help in allowing the students to gain awareness of the campaign.

Our Track Team was in a bind, in need of uniforms. Schoolhouse Colors went above and beyond with uniforming our team in time for our season. We even managed to raise \$2,100.00 through their fundraising program. We look forward to working with Schoolhouse Colors next year.
